GOD BLESS AMERICA

```
G                                D7                    G
While the storm clouds gather far across the sea,
                      D7                        G
Let us swear allegiance to a land that's free.
                     D7    C7              D
Let us all be grateful for a land so fair,
                    D7           A        D7
As we raise our voices in a solemn prayer.

      G            D7                      G
      God bless America, land that I love
                C                G
      Stand beside her and guide her
                                D7          G
      Thru the night with a light from above
                D7                    G
      From the mountains to the prairies,
            D7                    G
      To the oceans white with foam
      C            G               D7            G
      God bless America, my home sweet home.
      C            G                D7            G
      God bless America,, my home sweet home.
