

## Bluegrass White Snow

[G]Back up in the hills there's a Christmas long ago [C]  
Friends and family [G] gather round the old pot belly [D] stove  
The [G] night was freezin cold, from a heavy snow that [C] day  
I warm my heart with [G] old time songs and [D] danced the night [G] away.

### Chorus

[G] Bluegrass, white snow, Memories and an old banjo  
Get your fiddle [C] out, rosin up that [G] bow  
Bluegrass [D] white [G] snow.

[G] Well life back then was rough, but no one seemed to [C] care  
All the hard times [G] melted as the music filled the [D] air.  
[G] so when my skies are gray and the snow falls to the [C] ground  
I recall that [G] Christmas night and [D] all those joyful [G] sounds

### Chorus

[G] Bluegrass, white snow, Memories and an old banjo  
Get your fiddle [C] out, rosin up that [G] bow  
Bluegrass [D] white [G] snow.

### Bridge

[D] Though that old black stove is gone where we used to congregate[G]  
[C] Come this Christmas [G] I'll be home & we'll all celebrate [D]

### Chorus

[G] Bluegrass, white snow, Memories and an old banjo  
Get your fiddle [C] out, rosin up that [G]
