

# CHIME BELLS

Up on a mountain so gay and so free..huh huh  
There is a young man and he's waiting there for me  
Out on the lake, we'll drift with the tide  
And hear those chime bells ring

Chime bells are ringing...(yodel)  
Mockingbirds they're singing...(yodel)  
Hush, little lover...(yodel)  
Up on a summer's eve or eave...(long yodel)

Moonbeams were shining as I kissed him there. (kiss)  
Nightbirds were singing and darkness filled the air  
Each little star that twinkled above  
Was heaven that smiled on our love

Chime bells are ringing...(yodel)  
Mockingbirds they're singing...(yodel)  
Hush, little lover...(yodel)  
Up on a summer's eve...(really long yodel)  
really long yodel (faster)  
Should I go faster? (Even faster)  
(faster still, usually a capella)  
(By this time your eyes are bulging)
