Intro: G Am D Em C D Em

Verse 1:

If I stayed where I was and kept on going where I'd been
And did the same old things over again
I would never be free to be who you made me
That's what they call insanity.

Verse 2:

When Jesus called my name, I reached out to Him
Everything changed in an instant
The path of sin and shame, faded to a one way road
I call the highway to heaven

Chorus:

I'm on the highway to Heaven,
aiming for perfection,
following this long and narrow road
Jesus paved the way, In His will I will stay
I'm on the highway to heaven

Instr: G Am D Em C D Em

Verse 3:

In a lost and fallen world, You chose me to serve,
to be the only light that some will see
I feel so ill prepared, and sometimes even scared,
as I walk this path that leads me home

Chorus X2:
