

# I Met My Baby In The Porta John Line (D)

[D] I met my baby in the porta john line

I had to go and she was [A7] lookin' so fine

[D] My eyes were floatin' with [G] love on my mind

[D] I met my baby in the [A7] porta john [D]line

[D] She's standing there waitin' just like me

We had something in common - we [A7] both had to pee!

[D] I stood there pacing just [G] tryin' to look cool

[D] Waiting for my turn to walk [A7] up to the [D] stool

[D] So I broke the ice and I said Hello!

She said, I can't talk I [A7] really got to go

[D] I said don't worry we're in the [G] same boat

[D] She said good thing I'm [A7] about to make it [D] float

[D] So after our turn we met outside

We greeted each other with a [A7] heavy sigh

[D] She said I bet that you're the [G] man for me

[D] I said it's funny how love can [A7] make you go [D] WEEEE!
