

## Last Old Shovel

(G) They buried him on the [C]side of the (G) mountain  
There my darling sleeps in the (D) ground  
(G) I stayed right there 'til they [C] covered him (G) over  
And the last old (D) shovel was laid (G) down

(G) Till the [C] last old shovel was laid (G) down,  
Till the last old shovel was laid (D) down  
I [G] stayed right there til they [C] covered him over  
(G) When the last old (D) shovel was laid (G) down

(G) I think of him when it's [C] stormy and (G) raining  
In that mountain far, far(D) away  
(G) I long to be laid by his (C) side on that (G) mountain  
(G) There'll be rest for (D) me on that (G) day

There'll be rest for me on that day,  
There'll be rest for me on that day  
I long to be laid by his side on that mountain  
There'll be rest for me on that day.

Oh bury me where my true love is sleeping  
Where he lies in that cold lonesome ground  
I'll find sweet peace by the side of my darling  
When the last old shovel is laid down

When that last old shovel laid down,  
When that last old shovel laid down,  
Oh I'll find sweet peace by the side of my darling,  
When the last old shovel laid down.
