

MORE PRETTY GIRLS THAN ONE

CHORUS:

C
There's more pretty girls than one
F C
There's more pretty girls than one
F C
For every town I ramble around
C G C
There's more pretty girls than one

My momma told me last night
She gave me good advice
Better stop your ramblin' round pretty boy
And marry you a loving wife.

CHORUS:

Look down that lonesome road
Hand down your little head and cry
For thinking of those pretty little girls,
And hoping I never would die.

CHORUS:

Look down that lonesome road
Before you travel on
I'm leaving you this lonesome song
To sing when I am gone

CHORUS:
