

OUT BEHIND THE BARN

C **G7**
My pappy used to tan my hide, Out Behind The Barn
G7 **C** **C7**
He taught me to be dignified, Out Behind The Barn
F **C**
But when he took that strap to me, and turned me down across his knee
G7 **C**
He sure did hurt my dignity, Out Behind The Barn

Chorus

C **G7**
I got my education, Out Behind The Barn
G7 **C**
And I ain't a foolin' no siree
C **G7**
Passed each examination, Out Behind The Barn
G7 **C** **G7**
But it almost made a wreck out of me.

C **G7**
I smoked my first cigarette, Out Behind The Barn
G7 **C** **C7**
And that's one day I won't forget, Out Behind The Barn
F **C**
I got so sick, you should've seen, how that tobacco turned me green
G7 **C**
I almost died from nicotine, Out Behind The Barn

C **G7**
I met a pretty girl one day, Out Behind The Barn
G7 **C** **C7**
She wanted me to stay and play, Out Behind The Barn
F **C**
She taught me how to kiss and pet. and that's a game I won't forget
G7 **C**
Cause we still play the same game yet, Out Behind The Barn

I wish I could go again, Out Behind The Barn
G7 **C** **C7**
And do some things I did then, Out Behind The Barn
F **C**
Now you might think it ain't no fun, to be a poor old farmers son
G7 **C**
But you just don't know what all I've done, Out Behind The Barn

Chorus
