

# Silver Dew on the Bluegrass Tonight

Recorded by Bob Wills Vocalist Tommy Duncan

**B**

The moon was softly shining

**E C7**

on an old Kentucky home

**F7 B**

The fragrance of magnolias filled the air

A lonely girl was writing

**E C7**

To her sweetheart 'cross the foam

**F7 B**

May God protect you darling over there

**F7**

Silver dew on the bluegrass tonight

**B**

How it shines in the moon's silver light

**B7**

Soldier boy so far from me

**E C7**

How I wish that you could see

**F7 B**

Silver dew on the bluegrass tonight

## Break

**F7**

Stars of gold on the old flag tonight

**B**

While you fight for the cause that is right

**B7**

You will keep that flag on high

**E C7**

For those boys who've had to die

**F7 B**

Stars of gold on the old flag tonight

**F7**

Silver dew on the bluegrass tonight

**B**

While I pray you'll come safe thru the fight

**B7**

Close your eyes and think of me

**E C7**

And my darling you will see

**F7 B**

Silver dew on the bluegrass tonight
