

# YOU CAN HAVE HER (I DON'T WANT HER)

C F  
You can have her, I don't want her,  
C G F  
She didn't love me anyway,  
C F  
She only wanted, someone to play with,  
C G C  
But all I wanted was love to stay.  
C F  
The girl I loved, she up and left me,  
C G  
She ran away with my best friend.  
C F  
She comes in around midnight,  
C G C  
And when I come she's gone again.

Refrain

Well if you're in love with the wrong woman,  
There's only one thing, you can do.  
Just dig a hole and jump right in it,  
Then pull the ground in over you.

 BANJO BREAK

Refrain

Now life is really mighty empty  
Without a love to, call your own.  
I'd rather have love, that I can cling to  
Than have the world and all it's gold.
